Progress Report for the month of June 1921.

SIR,

As desired in your letter No.G.26252/Census 16-19-1 dated the 19th May 1920, I have the honour to submit for the information of Government, the following report on the progress of post Census operations for June 1921.

2. Slip-Copying. This work has been completed in about 70 charges, and the written up slips from them have been received in the Central Abstraction Office. In most of the remaining charges in the State, it is reported to be nearing completion and needful instructions have been issued to Charge Superintendents to complete the work by the 15th instant. The delay in the receipt of written up slips from the Charges has formed the subject of correspondence ending with my letter No.15/F.172 dated 5th July 1921.

3. Industrial Census. The

this Census will be taken up shortly.

4. Economic Census. In my circular on the subject the 1st

P.T.O.

1st of July 1921 was fixed as the due date for the reports being submitted to me. They have been received from the marginally noted officers up-to-date. The President, Mysore City, and the Vice President of the Kolar Gold Fields are have been given extensions of time for the submission of their reports

1.	Deputy Commissioner,	Hassan	(on all subjects)
2.	Do	Tumkur	(on some subjects)
3.	Do	Kolar	Do
4.	Do	Shimoga	Do
5.	Do	Kadur	Do
6.	Do	Chitaldurg	Do
7.	Do	Mysore	Do

5. Abstraction Office. (i) Establishment. As mentioned in my progress report for May 1921 the Record and Correspondence sections were brought into working order. The applications received for appointments were examined and a selection of eligible candidates for the sorting and compiling Sections was made. Notices were issued to the selected candidates to appear before me on the 30th ultimo; but the sanction of Government for entertaining the staff not having been received, I have in anticipation of their sanction entertained a small staff as reported in my No.12/3176 dated 4th July 1921 and commenced the preliminary work from the 3rd instant. The staff is not sufficient to push through the work expeditiously and early orders of Government on the proposals contained in my letter No.8267 dated 27th May 1921 are requested.

(ii) The Abstraction Code. The code was printed and copies distributed as usual.

(iii) Furniture. The equipment of the Central Abstraction Office with the requisite furniture such as tables, benches, boxes and pigeon hole cases was nearly completed during the month. It is found that 50 more examination tables and 50 stools with a few more almirahs are still necessary, and separate action is being taken to procure them from the General and Revenue Secretariat stores or any other Government Quarter Office.

I. Work in the Central Abstraction Office. With the exception of a small number of persons for preparing subsidiary Tables for the report and some Supervisors for supervising this and some other miscellaneous work, the temporary establishment employed for tabulation was all disbanded from the 5th April.

The last two Tables to be yet printed (Tables XVII and XXII.) are going through the press.

The Central Abstraction Office is now (from 1st May 1922) in the same building with the Census Superintendent's office, the separate buildings rented out for the former having been completely vacated from the 1st instant.

II. Work in the Head Office. Provinical Tables I and II were sent to the Census Commissioner; and the reports in connection with the Industrial and Economic Censuses were worked up.

Bills received from Charges in connection with slip-copying etc., were dealt with.

The following reference was pending orders of Government at the end of the month. Early orders thereon are requested:--

No. 2431/F.189 dated the 19th April 1922 requesting early orders of Government authorising the Press Superintendent to utilise a sum of Rs. 5,000/- out of the unspent allotment of Rs. 17,000 (transferred from the Census to the Stationery budget) to enable the Press to work overtime with a view to issue the census tables volumes without delay.
